WFWO - SDGs
WFWO Is Focusing on the UN 2030 Agenda and SDGs 17
Project Facility
WFWO is focusing on the New SDGS Goals in order to contribute to UN 2030 Agenda and SDGs. We will also stimulate action over the next 15 years in 5 areas of critical importance:

People, Planet, Prosperity, Peace & Partnership.
We Are Focusing on Key Facts to Contribute to the 2030 Agenda and SDGs 17

1. The Global Goals need you - It’s not only up to governments, but it’s up to all of us to take action. Even little things can make a big impact.

2. The Global Goals will change the way the world does business - They want to transform the world economy so it works without violating workers rights and harming the environment.

3. The Global Goals are one for all and all for one - No goal is more important than the other and they all complement each other.

4. The Global Goals will address climate change - Climate change is one of the most pressing issues of our time and it affects every country on every continent.

5. The Global Goals will eradicate extreme poverty - The predecessors of the Global Goals, the MDGs, have helped cut extreme poverty by half from their establishment in 2000 until today. That is a great achievement but it is not enough! The Global Goals aim to end poverty in all its forms and everywhere by 2030.

6. The Global Goals will leave no one behind - They are for young and old people, for small and big countries, for people living in rural areas and people in busy cities. They will leave no one behind.

7. The Global Goals are hands-on - They contain concrete plans on how to change the world, how to pay for it and how to make sure that everybody is on board.

8. The Global Goals are “Global” - They tackle challenges for all countries across the globe.

9. The Global Goals are the people’s goals - The goals have been developed by all the 193 UN Member States, NGOs and people like you, all working together.

10. The Global Goals are the world’s ultimate to-do list for the next 15 years - The 17 goals are for making this planet a better place by 2030 which includes ending extreme poverty, fighting inequality and fixing climate change.
WFWO Focusing On Project Components to Contribute to the 2030 Agenda and SDGs 17

We Are Working with our Partners to Contribute to Achieve to Our Common Sustainable Development Goals For the “Future We Want”

GLOBAL SOCIETY
Fulfilled, creative and productive world population

GLOBAL ECONOMY
Global “equity”, balanced and stable development

GLOBAL ENVIRONMENT
Erosion of global environmental assets stabilized, biodiversity loss halted, consumption balanced with earth’s capacity to renew resources

Poverty Alleviation
Economic Development
Rural Development
Health Program
Education Program
Environment Protection Program
Gender Equality Program
Sustainable Development Program
Social Housing/Infrastructure Facilities
Grant and Micro Credit Facilities
“WFWO Is More Concerned On Our Global Deal Must Achieve”...

... peace, security and stability

... agreement on instruments to address gaps in international governance framework, and focus on capacity building for equitable global governance

... legitimate and equitable national and international governance

WFWO Towards to The UN 2030 Agenda and SDGS 17

**ECONOMIC DEVELOPMENT**
- Grant/Loan
- Micro Credit
- Co-Financing
- Investment
- Technology
- Transfer

**SOCIAL DEVELOPMENT**
- Water
- Health
- Energy
- Education
- Food security
- Social Housing

**GLOBAL ENVIRONMENTAL PROTECTION**
- Oceans
- Atmosphere
- Biodiversity
- Desertification
- Climate change
**ECONOMIC DEVELOPMENT**

- Better access for developing countries to global markets
- Resource commitment from development finance institutions
- Increase investment for developing economies
- Technology development & transfer
- Debt relief programme extended to other developing countries

**SOCIAL DEVELOPMENT**

- Programme for access to safe water and sanitation
- Plan of action for skills development and literacy
- Energy access programme puts 50% African households on integrated energy grid and social housing
- Plan of action to ensure increased global food security
